

THE INFINITE GROUP

Boutique Consultancy Firm

We deliver to your organization, innovative consultancy solutions, specifically tailored to your needs.

With our extensive experience in the field of educational development and innovation, youth development, community, and infrastructure development, we are well acquainted with the non-profit sector.

We provide critical insight, in-depth understanding of international and local settings, business-relations knowledge, and unique capabilities, with an aim to strengthen your position and help you attain your goals.

Our Mission

We work closely with you to understand and address the challenges you face. We ask hard questions, challenge assumptions, to help you discover solutions and tools that are needed to make critical strategic, management and operational decisions .

Our Values

We want to contribute to making the world of tomorrow a little bit nicer than it is today. We are therefore dedicated to assisting and strengthening cause or mission driven organizations.

Our Method

We analyze the most relevant information to develop innovative and adaptive strategies that create value. We build a lasting relationship to help you become a force for positive change.

In Pursuit of the Infinite

Driven by Passion

Startup (or relining) of non-profit organization

Our Service

The infinite group has a team of professionals at its disposal who have the knowledge and skills to provide the right advice and support in all areas of the establishment of a not-for-profit organization.

Together, we go through the entire establishment process; from devising and concretizing the conceptual vision, to the development of the program and composition of an operational team.

Our Commitment

With one all-inclusive rate, the expertise of the entire team is available for the entire duration of this consultancy assignment.
